Such is the sag nit party, and such its antecedents; and yet, with a record blackened by anti-slavery alliances, they come forward and claim to be the only true friends of the South, and alone worthy of its confidence .-Millard Fillmore, whose administration stands pre-eminent, in the modern days of this Republic, for its conservative wisdom and unflinching devotion to the Constitution and the Union, is denounced as an abelitiouist, by these allies of freesoifism-these supporters of abolitionism and squatter sovreignty and Wilmot Provisolsm, in the persons of their several presidential favorites.

But slavery is not the only lesue in this convass ; and the foreign party, in attempting to make the impression that it is, are only playing at their old game. There is another, and a momentous question before the peopleone which involves not only the protection of southern rights, but the security of the gavernment itself. That question is shall A nerles be governed by les own native sons, or be denationalized and demoralized by fo.eign influence. This issue the toreign party will gladly evade. Its leaders know that pride of country and a conviction that it should be governed by Its native citizens, are feerings to be found in every truly American heart, and loud and universal would be the affirmative response to the proposition, were it not that the stringency of par's discipline stiffes the voice of patriotism and makes the veriest slaves of those who should be freemen.
